

Dr. Elizabeth Yerxa - Keynote Speaker on Saturday, May 17th

Professor Emeritus, University of Southern California. Well-known occupational therapy theoretician and creator of the discipline of occupational science.

" Nurturing the Human Spirit for Occupation: Promoting Individual Flourishing" - Dr. Yerxa will explore the human spirit for occupation as a resource for human flourishing and investigate how the human spirit for occupation might be nourished. She will also discuss the ethical implications of providing opportunities for people to exercise their natural powers.
